20th-21st December 2017
Constitution Club of India, New Delhi

It takes true patriots to speak nothing but the truth that leaves maximum impact on policymaking over 15 years and 50 Conferences.

Since 2003, we have brought felt-needs to the table and the voice of the people to policy. We have shaped India's Financial, Digital, and Social Inclusion initiatives to deliver better. We have challenged vested interests, bureaucracy and the mindset of the *mai-baap sarkar*.

Working across party-lines as perhaps the only independent voice in public advocacy in an era of post-truth media, corporate think tanks and rogue economists, we have left indelible marks on Digital India, PMJDY, PMGSY, Smart Governance and Cyber Security to name a few.

We have documented the history of the Indian reforms, which uplifted 200-million Indians from abject poverty. During the 50th SKOCH Summit we look back, reflect and celebrate the towering personalities and momentous changes that shaped India's destiny. We initiate a citizen's dialogue on building a 'New India' – India 2030 – to build a path that encapsulates the spirit of inclusion and the fire in the hearts of India's youth.

Join this journey to write our combined destiny—

- a destiny with no poverty;
- a destiny with prosperity;
- a destiny with security; and,
- a destiny with participatory democracy, where one isn't labelled for their views...
